

## Fleet Transport Sameday supports Ocean Brothers Atlantic Fundraiser

Family run courier company, **Fleet Transport Sameday**, have confirmed their support for the [Ocean Brothers](#) and their Atlantic rowing challenge with sponsorship of £5,000.

Half-brothers Greg Bailey (26) and Jude Massey (17) are aiming to raise £100,000 for the [British Skin Foundation](#)'s skin cancer research by rowing unsupported across the Atlantic Ocean. Their epic 3,000-mile journey is in memory of their late step-father/father, a keen sailor, who suffered with skin cancer for 16 years until he passed away in 2015.

Greg, Carol, Paul & Jude

**Carol Kent, Director of Fleet Transport** explained,

*"We are extremely proud and honoured to be sponsoring such a fantastic cause, one that is also so close to our hearts. My father was diagnosed with skin cancer three years ago. He underwent many operations and numerous rounds of radiotherapy which he faced with a huge amount of courage and dignity, he battled so bravely but sadly he lost his fight in June this year. The pain & devastation from losing the heart of our family is at times unbearable but in joining Greg and Jude's cause we can at least feel as if we are helping in some small way. We hope that our sponsorship can help in raising awareness for skin cancer as well as adding our support to Greg and Jude as they embark on their momentous journey."*

Press release  
03/11/17

## Paul Kent, Fellow Director of Fleet Transport added

*"We are full of admiration for what the brothers are doing, what a fantastic but daunting challenge they face and we can't wait to start following them on their journey."*

More people have been to space and climbed Mt Everest than successfully rowed the Atlantic Ocean, and the brothers intend to do it on a vegan diet.

The challenge has received support from Sir Ranulph Fiennes OBE, Sir Ben Ainslie, Bear Grylls and Andrew Triggs-Hodge 3 x Olympic Gold Rower.

Jude & Greg

The **British Skin Foundation** is the only UK charity dedicated to raising funds for all skin diseases and skin cancer research. Our unwavering commitment to funding quality research means we won't stop until we've found cures for common skin problems like eczema and acne through to potential killers like malignant melanoma. To date we've raised £16 million to fund research projects since 1996.

### About Fleet Transport Sameday

At Fleet Transport Sameday we pride ourselves on having a close, professional and trusting relationship with all our customers. Since 2003 we have grown our family run business into something quite unique within the courier industry whilst maintaining the high standards our business has been built upon. We provide a dedicated transport service for urgent parcels and pallets as well as also offering an overnight service. We have a network of vehicles that span the whole of the UK & Europe and we aim to provide a collection within one hour of booking wherever the goods may be in the UK.
